Advanced Metal Corporation
5552 Carolina Beach Road Ste C
Wilmington, NC 28412

Dear Advanced Metal Corporation:

This letter gratefully acknowledges Ambassador's donation of \$10,000 to the Avon Foundation. Ambassador asked us to let you know that they made this contribution in honor of your continued patronage over the years as a valued customer. Ambassador's gift will support our Foundation's fight against breast cancer and our support for women's empowerment programs, with an emphasis on the issue of domestic violence.

While advances have been made, breast cancer remains the most commonly diagnosed cancer among women worldwide, and in the US there is a new diagnosis every three minutes. Through 2007 the Avon Foundation Breast Cancer Crusade had raised and awarded more than \$525 million worldwide advancing access to care and finding a cure for breast cancer, with a focus on supporting the medically underserved. Beneficiaries range from leading cancer centers to community-based non-profit breast health programs, creating a powerful international network of research, medical, social service and community-based organizations focused on defeating breast cancer and ensuring access to care.

In its commitment to ending domestic violence, the Avon Foundation supports awareness, education, direct services and prevention programs. Through the collective fundraising efforts of Avon Products Inc.'s 650,000 US Sales Representatives and 9,000 US employees, the Foundation has awarded grants ranging from \$500 to \$150,000 to a variety of domestic violence organizations, totaling more than \$6 million. The Avon Foundation will continue to expand its domestic violence program, and use their Representative network to distribute educational and awareness materials.

You can be proud to know Ambassador's donation brings help and hope in improving the lives of women and their families. We can't thank them enough for supporting the work of the Avon Foundation.

Sincerely,

A handwritten signature in black ink that reads "Carol Kurzyg". The signature is written in a cursive style with a large, looped "y" at the end.
