Mr. James Kenton
309 Raleigh Street, Suite C
Wilmington, NC 28412

Mr. Kenton,

YOU ARE MAKING A DIFFERENCE. On behalf of the Corps of Cadets, staff, faculty and Board of Trustees at Oak Ridge Military Academy, I would like to thank you for your recent gift of \$500 for the drill team trip to Nationals. **We sincerely appreciate your generosity and support.**

Each year, donors such as you give unselfishly to the Academy, and it is contributions such as these that make the difference in our programs and for our cadets. We are grateful for your continued support. For 155 years North Carolina's Official Military School has remained true to its founding vision of educating young people.

Oak Ridge is the oldest co-ed preparatory school in North Carolina still in continuous operation and, according to the Southern Association of Colleges and Schools (SACS), Oak Ridge has been accredited longer than any other North Carolina school, public or private.

Again, thank you for your generosity and know that you are truly helping us positively impact the lives of our future leaders. As one alumnus recently remarked, "Education changes people into better versions of themselves. They experience opportunities that they wouldn't otherwise and go on to make a difference in the world."

Respectfully,

Terrill M. Sandiford
Director of Development and Alumni Affairs
